Greg,

We solicited this procurement on an unrestricted basis because there was no reasonable expectation that offers would be obtained from at least two small business concerns who provide domestically manufactured items. At this time there is only one small manufacturer of these low security padlocks who provide domestically manufactured items. This conclusion was reached after conducting thorough market research.

Thanks,
Angela

Hi Angela,

Thank you! I found it ~

I don't mean to be a fly in the ointment, but I see this went out as unrestricted. Needless to say, I was anticipating this to be a small business set aside based on my industry knowledge.

I would really prefer not to file protests before award... on up to the GAO if need be... but I don't know what sort of information you are able to provide me regarding the agency's determination to make this unrestricted without me filing a protest.

What do you suggest here? Time is obviously of the essence.

Warm regards,
Greg

I just went in and didn't have any issues. I know other vendors have successfully been able to view it. Try again and let me know how you make out.

Hi Angela,

Was this awarded? I can't pull it up in DIBBS...

Thanks,
Greg
